

## **BINDOMATIC FLEXICUT GLUE - THE NEW PERFECT BIND SOLUTION FOR THE PROFESSIONAL PRINT MARKET**

### Bindomatic's Patented FlexiCut Glue is Now Available

Designed for short to medium runs and specialty binding, with the covers designed and printed locally by any print shop. The use of Bindomatic FlexiCut binding solution will result in an extremely strong perfect bound document. Easier, faster, more flexible and cost effective than any other perfect bind system on the market.

Up until now the Bindomatic glue has been available only as part of Bindomatic pre-scored, pre-folded covers. We are now offering the glue as a commercial print, perfect bind entry level solution. The special developed and environmentally friendly polymer glue is embedded with a 100% pure book binding cotton textile mesh.

### **Bindomatic FlexiCut Glue for all of your binding needs**

- Glue sheet dimensions: 200mm W x 280mm L x 0,8mm thickness
- Glue sheets are cut by user to required spine width
- Glue sheets have bind re-enforcing textile/cloth/weave
- Glue sheets are packed in quantities of 18 separate sheets in a single carton

### **Order logistics and terms**

- Order confirmation typically within one business day.
- Pallet/extra packing material is subject to charge
- MOQ is one (1) carton
- Bindomatic reserves the right to adjust prices and terms without written notice
- For quantities of 20+ cartons, please call

## FLEXICUT GLUE AND BINDER START KIT

- The Bindomatic model 5000 is the ideal entry level perfect binder - format flexible, small footprint, in-expensive, productive with up to 15 documents per binding cycle (60 seconds), will bind up to 54mm thick documents, will bind both soft and hard covers.
- The Bindomatic 5000 is offered as a Binder/Glue start kit including 5 cartons of Bindomatic FlexiCut Glue.

### So many choices in binding...

Bindomatic offers the best solution in binding. It looks the best. It lasts the longest and allows you to be more efficient. The spines of our ready-made pre-formed covers are designed to be flat - like a book - keeping your document pages flush. We even designed in fold scores on the front and back of the cover which allow the pages to lay flat when opened. We also designed our covers with flush cut edges so the corners don't get bent, allowing your document to maintain that professional impression.

**Aquarelle**

**Advocate Window**

Bindomatic has the right cover for any presentation

- **Aquarelle** covers have a clear, non glare front and come in a variety of rich fabric color spines to quietly project good taste.

- **Advocate Window** covers project a more traditional image in a wrap-around high quality paper cover with a window to promote a custom appearance. The cover is durable and textured with embossed vertical ridges.

**Ambassador Hard Cover**

**Customer Unique**

- **Ambassador** covers are hard bound books for those special reports and manuals. The true case bound cover is wrapped in a beautiful leather-like material and can be customized with foil stamping or ordered with print-on-demand labels.

- **Customer Unique** covers allow you to create your own unique cover from an extensive selection of paper in numerous colors and finishes. Treatments include 4-color printing, foil stamping, embossing and die cutting.
